

Stichting RCHF Covid-19 Newsflash

With the blink of an eye our World changed and life as we know it before 2020 now looks very different.

This pandemic which has resulted in a massive loss of life is an airborne illness that is spread from one infected person to another who is non-infected via the air we breathe and can also be found on surfaces such as metal, wood and plastic.

Basic hygiene measures are a must for everyone to abide by.

St RCHF recommends the washing of hands many times a day with soap and warm water for at least 2 minutes as this via World Health Organization rules removes Covid-19 from the hands.

It is vital that these rules are followed along with wearing of a face mask and social distancing when out in public at all times.

The above mentioned measures are the minimum that a person must undertake to protect themselves and their family against Covid-19

We at St RCHF provide for those who in marginalized families who cannot afford the very basics that are required in this time of the Covid-19 pandemic so that their basic hygiene standards can remain high.

Many who are poor, in poverty and without decent living standards and also often who didn't finish their education are amongst the vulnerable ones in such a pandemic as we have Worldwide now.

Via your donations we on the ground in Northeast Romania are able to purchase soap, shampoo, anti-bacterial handwipes and detergents for the home.

Each week St RCHF complete with face-mask and protective gloves visits the poorest and most deprived areas distributing these vital products and departing education on the subject of basic Hygiene in the time of this Covid-19 crisis as well as treats for children within these families.

St RCHF also continues its voluntary work at the Pulmonary disease hospital in Iasi city
